

# EUROPEAN PROJECTS

Our school can offer lots of opportunities, including intercultural exchanges and intercultural projects.

These are the most significant initiatives:

## eTwinning

eTwinning was launched in 2005 as the main action of the European Commission's eLearning Programme. It promotes school collaboration in Europe through the use of Information and Communication Technologies by providing support, tools and services for schools. eTwinning offers a platform for teachers and students of a school in one of the European countries involved, to communicate, collaborate, develop projects, share and, in short, feel and be part of the most exciting learning community in Europe. It has been firmly integrated in Erasmus+ since 2014 and now it is further supported at national level by 37 National Support Services.

Our school elaborated three projects and it won two prizes.

The class IIIBL gained both international and european 'Quality label' at the end of the school year 2015-2016.

The students from IIIBL won one of them at the end of the school year 2015-2016. The name of the project was "May 1816-2016 : Celebrating Mary Shelley's writing of FRANKENSTEIN",

in fact it was meant to celebrate the 200th anniversary of the writing of FRANKENSTEIN by Mary Shelley. For this reason the students had to write gothic stories.

The students of the class IIIBL were twinned with Spanish students of Badajoz, Extremadura, Spain.

This is the CD containing the recording of the stories read by both Italian and Spanish students.

Here below there are some of the stories read by both Italian and Spanish students.

## ECDL

The European Computer Driving License is an international certificate that attests the ability of the student to work independently on the computer. The student must pass seven different exams in order to obtain the certificate and our school offers the opportunity to attend some lessons to get ready for these seven tests.

# Intercultural Exchange

## Todi-Melsungen

This exchange has been taking place since 1985. The aim of this exchange is to improve language skills and enrich cultural knowledge.

Melsungen is a small climatic spa town in the Schwalm-Eder district in northern Hessen, Germany.

Students from IVAL in Weimar (a city next to Melsungen) during the school year 2015-2016.

# Todi-Dreux

This exchange has been taking place since 1960. The aim of this exchange is to improve language skills and enrich cultural knowledge.

Dreux is a commune in the Eure-et-Loir departement in northern France.

Our school is twinned with "Lycée général et technologique Rotrou".

Students from IIIAL and IIIBL that hosted French students during the school year 2015-2016.

# Todi-Grenoble

The aim of this exchange is to improve the abilities to interact with mother tongue people.

Grenoble is a city in southeastern France, at the foot of the French Alps where the river Drac joins the Isère. Located in the Auvergne-Rhône-Alpes region, Grenoble is the capital of the department of Isère and plays the role of an important scientific centre of Europe. The city advertises itself as the "Capital of the Alps", due to its size and its proximity to the mountains.

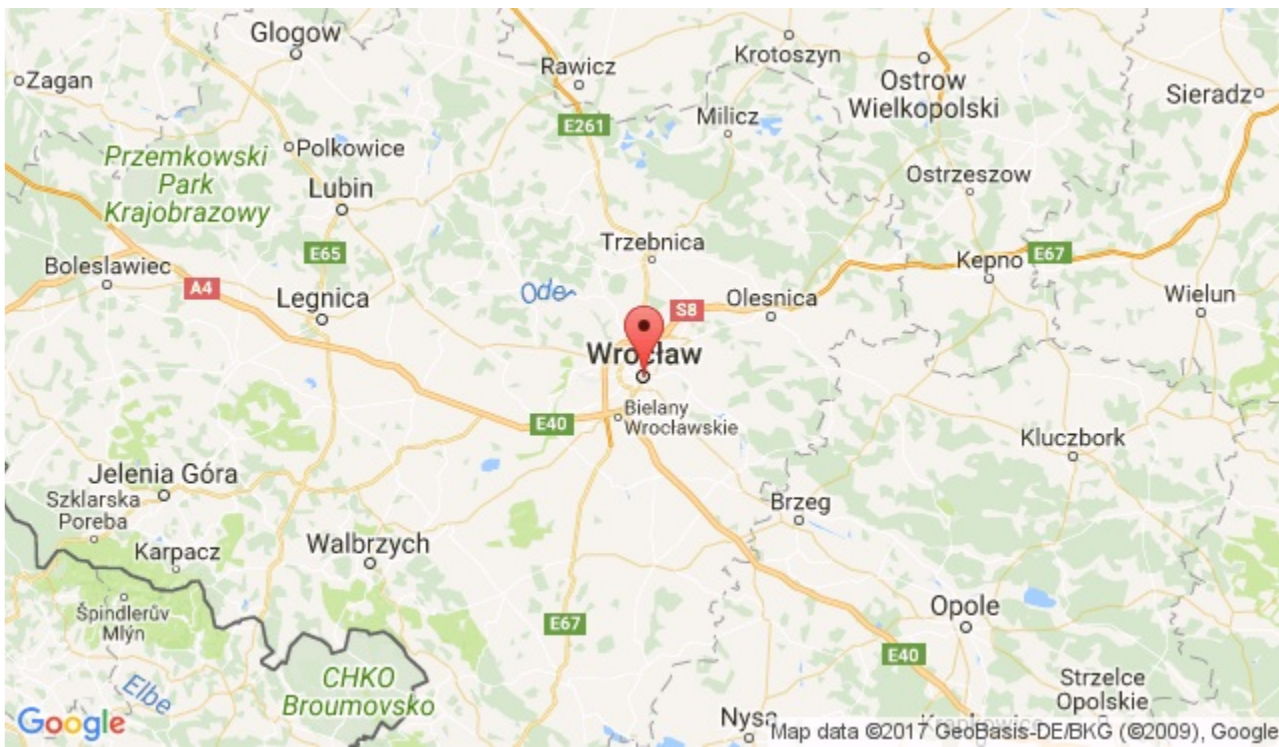

The school we are twinned with is the 'Cité Scolaire Stendhal di Grenoble'.

Students from IIBL and IIAL in Grenoble during the school year 2014-2015.

## Todi-Wroclaw

The goal of this exchange is getting in touch with other cultures.

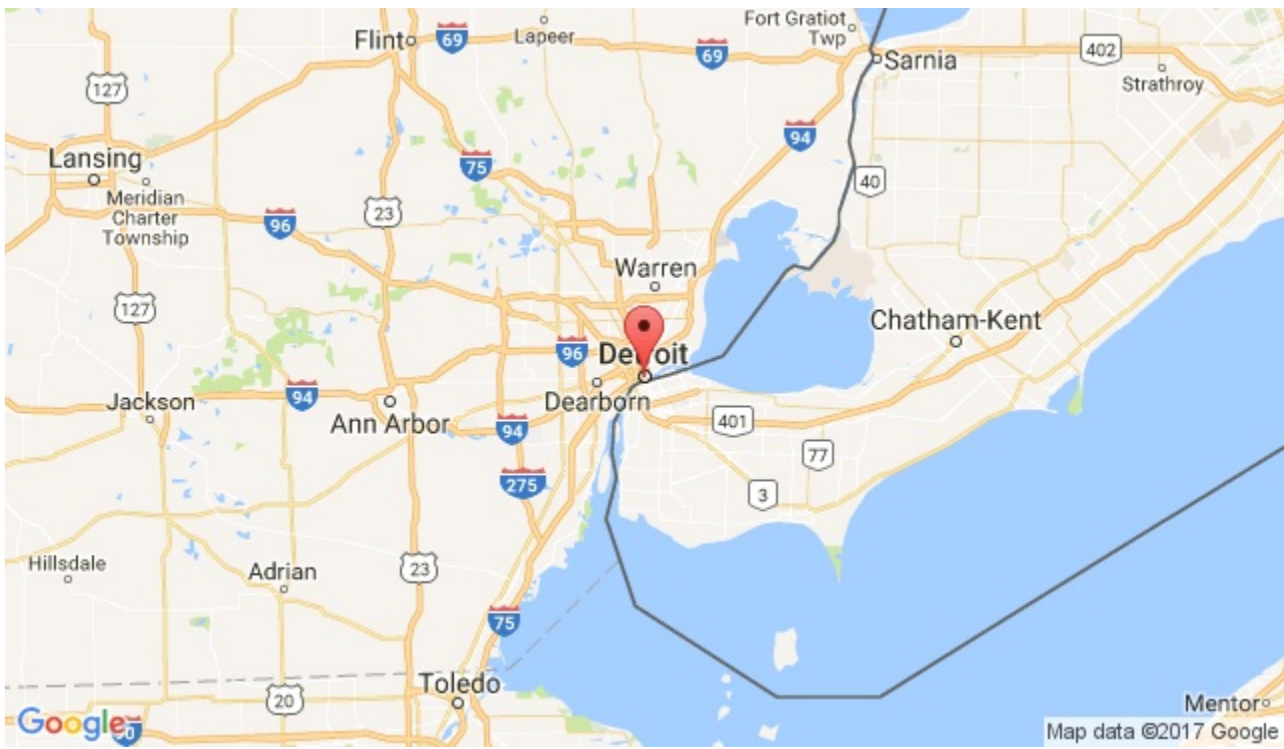

Wrocław is the largest city in western Poland. It is the historical capital of Silesia and Lower Silesia. Today, it is the capital of the Lower Silesian Voivodeship.
